

TEXAS INDICATOR & MICROMETER REPAIR SERVICE

All Precision Instrumentation, Gauges, Calibration
& Repair, Onsite Services, All work guaranteed

Estimate Repair Policy

Repair work is contingent upon the availability of parts.

You may request an estimate for items that may need repair. If the total estimate cost is less than 50% of a new tool and the customer denies, there will be a refusal fee of **\$15 per item**. The refusal fee will be waived if customer gives approval for the repair.

An additional \$2.00 Quality Check Fee (Q.C. Fee) is **added per item** to cover the cost of checking repaired instruments in our separate calibration laboratory to ensure accuracy to manufacturer specifications.

If tools are coming in with calibration, the Q.C. fee will be waived. This fee pertains to the tools that are sent in for repair only.

The customer will receive either an email or phone call regarding the estimate.

Estimates are given up to 7-10 days after order is received.

Quotes are available upon request. **(Only the basic charge will be quoted)**

Send To: Texas Indicator & Micrometer or **Email us:** info@texasindicator.com
1804 Wayside Drive
Houston TX 77011

It is the customer's responsibility to inform us of how to proceed with their order.

**-PARTS ARE EXTRA-
EXTREME CIRCUMSTANCES MAY REQUIRE ADDITIONAL LABOR CHARGES**
